Reviews topics covered on the test, offers tips on test-taking strategies, and includes two full-length practice tests with answers and explanations.

Exam Board: SQA Level: Higher Subject: Geography First Teaching: August 2018 First Exam: June 2019 This book is a complete guide to the most popular options in the Global Issues and Environmental Geography course. - Blends theoretical content and processes with detailed guidance on practical aspects - Offers geographical perspectives on environmental and social issues and encourages students to interact with their environment and develop an interest in, understanding of, and concern for the environment and sustainable development - Provides examples of chapter and new, contemporary case studies and exemplars for a fresh and inspirational examination of well-known geographical themes A companion volume, Higher Geography: Physical and Human Environments: Second Edition, provides material for the other areas of the course.

International Encyclopedia of Human Geography, Second Edition embraces diversity by design and captures the ways in which humans share places and view differences based on location and other factors—in other words, the things that make people and places different. Questions of, for example, politics, economics, race relations and migration are introduced through a geographical lens. This updated edition will assist readers in their research by providing factual information, historical perspectives, theoretical approaches, reviews of literature, and discussions that will stimulate creative thinking. Presents the most up-to-date and comprehensive coverage on the topic of human geography. Contains extensive scope and depth. Shows how geographers interact with, understand and contribute to problem-solving in the contemporary world. Places an emphasis on how geography is relevant in a social and interdisciplinary context.
