If A Bus Could Talk The Story Of Rosa Parks

A biography of Sarah Breedlove Walker who, though born in poverty, pioneered in hair and beauty care products for black women, and became a great financial success.

An extraordinary story of a girl, her grandfather and one of nature's most mysterious and beguiling creatures: the honeybee. Meredith May recalls the first time a honeybee crawled on her arm. She was five years old, her parents had recently split and suddenly she found herself in the care of her grandfather, an eccentric beekeeper who made honey in a rusty old military bus in the yard. That first close encounter was at once terrifying and exhilarating for May, and in that moment she discovered that everything she needed to know about life and family was right before her eyes, in the secret world of bees. May turned to her grandfather and the art of beekeeping as an escape from her troubled reality. Her mother had receded into a volatile cycle of neurosis and despair and spent most days locked away in the bedroom. It was during this pivotal time in May's childhood that she learned to take care of herself, forged an unbreakable bond with her grandfather and opened her eyes to the magic and wisdom of nature. The bees became a guiding force in May's life, teaching her about family and community, loyalty and survival and the unequivocal relationship between a mother and her child. Part memoir, part beekeeping odyssey, *The Honey Bus* is an unforgettable story about finding home in the most unusual of places, and how a tiny, little-understood insect could save a life.

the last decade. He began writing a popular blog, *The View from Nathan's Bus*, about his encounters with the riders of the No. 7 bus, which cuts through the heart of the city's Rainier Valley, one of the most racially and ethnically diverse zip codes in the US. Nathan's blog entries grew into this book. His stories and photography illuminate an overlooked part of urban life and highlight the simple connections people make on a daily basis. His depictions of interactions on the city bus range from heartbreaking to hilarious to inspiring.

"Ringgold recounts the dream adventure of eight-year-old Cassie Louise Lightfoot, who flies above her apartment-building rooftop, the 'tar beach' of the title, looking down on 1939 Harlem. Part autobiographical, part fictional, this allegorical tale sparkles with symbolic and historical references central to African-American culture. The spectacular artwork resonates with color and texture. Children will delight in the universal dream of mastering one's world by flying over it. A practical and stunningly beautiful book."--(starred) Horn Book.

When a bus driver takes a break in this hilarious Caldecott Honor-winning picture book, he gives the reader just one instruction: "Don't let the pigeon drive the bus!" But, boy, that pigeon tries every trick in the book to get in that driver's seat: he whines, wheedles, fibs and flatters. Will you let him drive? Told entirely in speech bubbles, this brilliantly original and funny picture book demands audience participation!

Despite the differences between people around the world, there are similarities that join humanity together, such as pain, joy, and love. On board pages.

"Terrifying... Eloquent... A heart-rending drama of human yearning." --New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed

through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

The story of the bus--and the passengers who changed history. Like all buses in Montgomery, Alabama, in the 1950s, bus #2857 was segregated: white passengers sat in the front and black passengers sat in the back. Bus #2857 was an ordinary public bus until a woman named Rosa Parks, who had just put in a long day as a seamstress, refused to give up her seat to a white passenger.

Her arrest sparked the Montgomery Bus Boycott, a major event in the Civil Rights moment, led by a young minister named Dr. Martin Luther King, Jr. For 382 days, black passengers chose to walk rather than ride the buses in Montgomery. From the streets of Montgomery to its present home in the Henry Ford Museum, here is the remarkable story, a recipient of the Crystal Kite Award, of a bus and the passengers who changed history.

Through the magic of close-up photography, the author first asks the reader to identify an object found in a rain forest in a super-close-up picture, with the next page revealing the entire picture.

“In a story where every turn is possible, if improbable, Graham makes readers believe. High hopes and busy, vibrant artwork . . . will entice children.” — Booklist (starred review) One morning in front of Stella’s house, an abandoned bus appears, looking sad as a whale on a beach. On its front, held up with packing tape, is a hand-painted sign that says Heaven. Right away, the bus brings change to Stella’s street when people stop to talk about it instead of rushing by. “This bus could be ours,” Stella declares. With a master’s eye for finding the magic in the mundane, Bob Graham creates an encouraging story about community — a whimsical tale about neighbors of all ages and stripes coming together, and about one little girl who comes into her own.

One teenager in a skirt. One teenager with a lighter. One moment that changes both of their lives forever. If it weren’t for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a black teen, lived in the crime-plagued flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the

Fiction 1969-1989. The energy spent on all sides of debates about women's separatism demonstrates the vitality of separatism as an important issue. Excited by the prospect that changes in their personal lives could reverberate through the nation, many women have organized rural communes and urban business collectives, putting ideas into practice. *Separatism and Women's Community* reviews debates in separatist theory, historical narratives by members of separatist collectives, and utopian novels that envision how collectives might be formed. Shugar compares the ideas and proposals of theorists-including Robin Morgan, Shulamith Firestone, Joyce Cheney, Joan Nestle, Ti-Grace Atkinson, and the Radicalesbians-with the experience of women from collectives as diverse as Cell 16, the Combahee River Collective, the Gutter Dyke Collective, the Seattle Collective, the Bloodroot Collective, and the Lavender Woman Collective of Chicago. Despite the attempts to connect action and thought, many women were ill-prepared for the problems they found in collective life. Women who theorized that oppression based on difference was a man-made phenomenon were confronted by other women who challenged their racism, classism, or homophobia. The community had to respond to these confrontations in ways that would strengthen, rather than destroy, their tentative connections with other women. Dana R. Shugar is an assistant professor of English and women's studies at the University of Rhode Island.

mobility and can connect citizens with every aspect of their lives. But in the US, they have long been an afterthought in budgeting and planning. Transit expert Steven Higashide uses real-world stories of reform to show us what a successful bus system looks like. Higashide explains how to marshal the public in support of better buses and argues that better bus systems will create better cities for all citizens. With a compelling narrative and actionable steps, *Better Buses, Better Cities* describes how decision-makers, philanthropists, activists, and public agency leaders can work together to make the bus a win in any city.

This YA biography of the former First Lady considers her journey from Chicago to the White House in the larger context of African American history. Michelle Obama grew up on Chicago's South Side, and while the world outside her door was chaotic and ever-changing, her family provided a stable environment in which she could grow and flourish. This biography of the former First Lady shows how a girl from a working class background could rise to become one of the most influential women of her day. More than a chronology of life events, this book looks at Michelle Obama's story within the larger context of African American history: slavery, freedom, the Reconstruction era, the Civil Rights movement, and finally, her own era. History both shaped and challenged Michelle. And ultimately, she not only overcame the obstacles put before her, she went on to carve out her own place in history.

Janie is not exactly sure why her daddy is riding a bus from Indianapolis to Washington, D.C. She knows why she has to go-to stay out of her mother's way, especially with the twins now teething. But Daddy wants to hear a man named Dr. Martin Luther King Jr. speak and, to keep out of trouble, Janie is sent along.

Riding the bus with them is a mishmash of people, black and white, young and old. They seem very different from Janie. As the bus travels across cities and farm fields to its historic destination, Janie sees firsthand the injustices that many others are made to endure. She begins to realize that she's not so different from the other riders and that, as young as she is, her actions can affect change. Though fiction, *Riding to Washington* is a very personal story for Gwennyth Swain as both her father and grandfather rode to Washington, D.C., to participate in the 1963 civil rights march on the nation's capital. Ms. Swain's other books include *Chig and the Second Spread* and *I Wonder As I Wander*. She lives in St. Paul, Minnesota. move it forward: drivers (who steer the organization), runners (who consistently go above and beyond for the good of the organization), joggers (who do their jobs without pushing themselves), walkers (who are just getting pulled along), and riders (who hinder success and drag the team down). It's the team leader's job to recognize how members fall into these categories, encourage them to keep the "bus" moving by working together, and know when it's time to kick the riders off. In the tradition of *Who Moved My Cheese?* and *Fish!*, *Move Your Bus* is an accessible and uplifting business parable that illustrates Clark's expert strategies to maximize the performance of each member of a team. didn't last. When he asked two golfers if they'd teach him the game, one man responded by saying, 'Son, didn't anyone ever tell you that your kind is not welcome here?' In the 1920's there was no place for Willie, or any black person, on a golf course. It was a game for white people only, at least in America. But his enthusiasm for golf and his belief in what he knew to be right drove Willie Powell to change that, and to change minds.
