In The Trigger Men, bestselling author Martin Dillon delves into the dark and sinister world of Irish terrorism and counter-terrorism. Over three decades he has interviewed and investigated some of the most professional, dangerous and ruthless killers in Ireland. Now Dillon explores their personalities, motivations and bizarre crimes. Many of Ireland's assassins learned their trade in fields and on hillsides in remote parts of Ireland, while others were trained in the Middle East or with Basque separatist terrorists in Spain. Some were one-target-one-shot killers, like the sniper who terrorised the inhabitants of Washington State in the autumn of 2002, while others were bombers skilled in designing the most sophisticated explosive devices and booby traps. Another more powerful group of 'trigger men' were the influential figures in the shadows, who were experts in motivating the killers under their control. All of these men, whether they squeezed the trigger on a high-powered rifle, set the timer on a bomb or used their authority to send others out to commit horrific and unspeakable acts of cruelty, are featured in this book. The Trigger Men takes the reader inside the labyrinthine world of terrorist cells and highly classified counter-terrorism units of British Military Intelligence. The individual stories are described in gripping, unflinching detail and show how the terrorists carried out their ghastly work. Dillon also explores the ideology of the cult of the gunmen

and the greed and hatred that motivated assassins in their killing sprees. There are penetrating insights into the mindset of the most infamous assassins: their social and historical conditioning, their callousness.....

In March 1988 three unarmed members of an IRA active service unit, shot dead by SAS operatives in Gibraltar, were buried in Belfast's Milltown Cemetery. Loyalist terrorist Michael Stone unleashed a deadly rampage at their funeral, killing three people and leaving 50 more wounded before he was apprehended. *STONE COLD* not only looks at Stone's life but reveals sensational new evidence regarding the two soldiers who were caught up in the funeral cortege for the Milltown victims. The televised act of frenzied mob violence that resulted in their murders, battered senseless and then shot, sent shockwaves around the world and through Belfast itself. Martin Dillon's gripping account draws on his extensive conversations with Stone, now serving a life sentence in the Maze Prison, to present a chilling portrait of a charming, boastful, meticulous, sentimental and, above all, lethal killer.

Readers looking for pulse-pounding action and a nail-biting adventure need not look any further than this new thriller from the author of Tom Clancy's Jack Ryan series... Winter comes early to the rural native community of Stone Cross, Alaska – and so does hunting season. But Arliss Cutter has come here for a very different game. A federal judge is receiving death threats and refuses protection. Cutter and his deputy Lola Teariki have been assigned to shadow him on his trip to this icy outland. They quickly discover that no one is ever really safe in a place like this. And no one is above suspicion. When Cutter and Lola arrive, the village is already gripped with fear. A young couple has disappeared and their handyman found dead. To make matters worse, a dense fog has descended on the region, isolating the town from civilization. With the judge's life still at risk, and two people still missing, Cutter and Lola have their work cut out for them. Because in Alaska, nothing runs colder than blood. An chilling and gripping thriller from master of the genre Marc Cameron, perfect for fans of Lee Child, Vince Flynn and Mark Greaney. Praise for Marc Cameron 'A double-barreled blast of action' C. J. Box 'Cameron's books are riveting page turners' Mark Greaney 'One of the hottest new authors in the thriller genre' Brad Thor

"The electrifying new Joe Pickett novel from the New York Times–bestselling author. Everything about the man is a mystery: the massive ranch in the remote Black Hills of Wyoming that nobody ever visits, the women who live with him, the secret philanthropies, the private airstrip, the sudden disappearances. And especially the persistent rumors that the man's wealth comes from killing people. Joe Pickett, still officially a game warden but now mostly a troubleshooter for the governor, is assigned to find out what the truth is, but he discovers a lot more than he'd bargained for. There are two other men living up at that ranch. One is a stone-cold killer who takes an instant dislike to Joe. The other is new-but Joe knows him all too well. The first man doesn't frighten Joe. The second is another story entirely"--Provided by publisher of hardcover edition. The true story of a cold case, a compulsive liar, and five determined detectives, from the #1 New York Times–bestselling

author and “master journalist” (The Wall Street Journal). On March 29, 1975, sisters Katherine and Sheila Lyons, ages ten and twelve, vanished from a shopping mall in suburban Washington, DC. As shock spread, then grief, a massive police effort found nothing. The investigation was shelved, and the mystery endured. Then, in 2013, a cold case squad detective found something he and a generation of detectives had missed. It pointed them toward a man named Lloyd Welch, then serving time for child molestation in Delaware. The acclaimed author of *Black Hawk Down* and *Hue 1968* had been a cub reporter for a Baltimore newspaper at the time of the original disappearance, and covered the frantic first weeks of the story. In *The Last Stone*, he returns to write its ending. Over months of intense questioning and extensive investigation of Welch’s sprawling, sinister Appalachian clan, five skilled detectives learned to sift truth from determined lies. How do you get a compulsive liar with every reason in the world to lie to tell the truth? *The Last Stone* recounts a masterpiece of criminal interrogation, and delivers a chilling and unprecedented look inside a disturbing criminal mind. “One of our best writers of muscular nonfiction.” —The Denver Post “Deeply unsettling . . . Bowden displays his tenacity as a reporter in his meticulous documentation of the case. But in the story of an unimaginably horrific crime, it’s the detectives’ unwavering determination to bring Welch to justice that offers a glimmer of hope on a long, dark journey.” —Time

John Reynolds Gardiner's classic action-packed adventure story about a thrilling dogsled race has captivated readers for more than thirty years. Based on a Rocky Mountain legend, *Stone Fox* tells the story of Little Willy, who lives with his grandfather in Wyoming. When Grandfather falls ill, he is no longer able to work the farm, which is in danger of foreclosure. Little Willy is determined to win the National Dogsled Race—the prize money would save the farm and his grandfather. But he isn't the only one who desperately wants to win. Willy and his brave dog Searchlight must face off against experienced racers, including a Native American man named Stone Fox, who has never lost a race. Exciting and heartwarming, this novel has sold millions of copies and was named a New York Times Outstanding Children's Book.

Documents the bizarre true story of a millionaire who manipulated his fourteen-year-old daughter into murdering his wife so he could collect insurance and marry his teenage sister-in-law

'If I'd have been a Vietcong you'd be dead.' - Len Opie 'Len was a soldier above soldiers.' - Keith Payne VC Through three wars across 30 years, Len Opie carved a reputation as one of the country's greatest infantrymen. A cold-eyed killer who drank nothing stronger than weak tea, he fought with his bare hands, a sharpened shovel and piano wire. He was a larrikin who went by the book, unless the book was wrong. He set his own bar high and expected others to do the same. Stone Cold is the extraordinary story of one of Australia's most fearless fighters. It takes us into the jungles of New Guinea and Borneo and some of the fiercest battles of World War II. It goes to the cold heart of Korea, where Len emerged from the ranks to excel in the epic Battle of Kapyong and play a key role at the Battle of Maryang San. And it drops us into the centre of the American counterinsurgency war in Vietnam with Len's involvement in the CIA's shadowy black ops program, Phoenix. Action-packed and surprising, Stone Cold gives rich life to a warrior soldier and one of Australia's greatest diggers.

For ten years Kevin Toolis investigated the lives of the IRA soldiers who wage a secret battle against the British State. His journeys took him from the back kitchens of Belfast, where men joked while making two-thousand-pound bombs, to prisons for interviews with men serving life sentences, and to the graveyards where mourners weep. Each chapter explores a world where history, faith, and human savagery determine life and death. At once moving and harrowing, Rebel Hearts is the most authoritative and insightful book ever written on the IRA.

In 1997, Charles Frazier's debut novel Cold Mountain made publishing history when it sailed to the top of The New York Times best-seller list for sixty-one weeks, won numerous literary awards, including the National Book Award, and went on to sell over three million copies. Now, the beloved American epic returns, reissued by Grove Press to coincide with the publication of Frazier's eagerly-anticipated second novel, Thirteen Moons. Sorely wounded and fatally disillusioned in the fighting at Petersburg, a Confederate soldier named Inman decides to walk back to his home in the Blue Ridge mountains to Ada, the woman he loves. His trek across the disintegrating South brings him into intimate and sometimes lethal converse with slaves and marauders, bounty hunters and witches, both helpful and malign. At the same time, the intrepid

Ada is trying to revive her father's derelict farm and learning to survive in a world where the old certainties have been swept away. As it interweaves their stories, Cold Mountain asserts itself as an authentic odyssey, hugely powerful, majestically lovely, and keenly moving.

316 facts about WWE legend Stone Cold Steve Austin. What's "3:16 Day"? It's a day when someone gives you a load of

crap, and you give it back with a certain one-fingered gesture. "316 Day" is a day when you can open up a can of whoop-ass on anybody you want. A day when four-letter words are acceptable and the speed limit is only a suggestion. "3:16 Day" is a day that epitomizes Stone Cold Steve Austin, the toughest S.O.B. ever to lace up a pair of boots. Austin launched WWE's Attitude Era the moment he won the 1996 King of the Ring Tournament and quoted iconic scripture on his bible-thumping opponent: "Austin 3:16 says I just whipped your ass!" Austin 3:16 celebrates the WWE legend's finest moments in the ring, on the microphone, and behind the wheel of a beer truck, a Zamboni, and a cement mixer. This book collects 316 Stone Cold facts, figures, and catchphrases that uncover little known facets about sports entertainment's Texas Rattlesnake, including how he conceived the "Stone Cold" moniker, what he really thinks of adversaries Mr. McMahon, The Rock, and Bret "Hit Man" Hart, and why he has the WWE Universe shouting "What?" all the time. Bottom line? Austin 3:16 says it all, 'cause Stone Cold said so!
